

To our valued Listeners and Supporters,

Merry Christmas! Thank-you so much for your support for the Gospel message radio program this past year. Some of you have listened and prayed for this ministry for years, and we are truly thankful for you! The Gospel message ministry exists to reach the lost, to teach the saved, all for the honor and glory of our Savior Jesus Christ. We are blessed by the opportunity to present the Gospel in the English and Low German languages weekly and this is only possible through your generous support and prayers.

The Gospel Message Radio Program is heard on approximately 70 different radio stations weekly in Canada, the United States, Mexico, Columbia, Bolivia, Paraguay, Argentina, Belize, and Germany. The program is also available on our website at gospelmessageradio.com and each program is put on YouTube so that you can listen to any past messages or search for a certain message or topic. We also have WhatsApp groups where the Gospel Message Radio Program is sent out each week. If you would like more information on any of this or the program sent to you via a WhatsApp group, please contact us at 306-230-7807 (Canadian Phone Number).

Thank-you for your gifts in helping the ministry stay on the radio. I know this has been a tough year for many people financially, but if this ministry has been a blessing to you, would you consider helping us financially at the end of the year? We cannot continue this ministry without your support. May God Bless you for your gift!

As we prepare for Christmas, let us remember that first Christmas, the Son of God coming to earth as a baby, God became flesh so that you and I could have salvation. Let us also remember there will be a 2nd coming, when Jesus Christ will return as King of Kings and Lord of Lords. Let's be ready for **HIS** return and tell others of what Jesus has done in our lives so they can also be ready.

From myself, the Gospel Message Board and staff, may you and your Family be blessed from above this Christmas Season!

Wes Heppner
