

Merry Christmas!

I hope 2021 has been a year of blessing and spiritual growth for you! We here at the Gospel Message have been incredibly blessed by your prayers and support, through which we have the ability to reach our goals: that the lost would find Jesus, that the saved would be taught and encouraged, and that everything would be done to the honor and glory of Jesus Christ.

Our Ministry has been blessed to expand to about 45 stations in our 30 minute Low German Program and 10 Stations in our 15 minute English Programs. We have many more opportunities, in more locations, on more radio stations, and we believe God is leading us to further expand this ministry. Please pray that we will make wise decisions, and that the new stations that the Gospel Message Radio Program is broadcasted on would be a blessing and grow the kingdom of God. We are not here to grow a ministry, but to build God's Kingdom, which the Bible tells us has eternal value!

Because of the restrictions with CoronaVirus, we have not been able to do any fundraising banquets, so we really depend on your donations more than ever. Maybe you would consider sending a donation in this last month of the year, to help us not only pay for our expenses this year, but also look forward to new and exciting opportunities for the new year. Thank-you in advance for your support of this ministry.

I think of Christmas time, and the Angels sharing the good news with the shepherd, the good tidings of great joy. During this Christmas Season, I want to encourage you to share with someone what Jesus is doing in your life: how He set you free from sin, how you are now a new creation, and the joy you have from having a relationship with the King of Kings and Lord of Lords. It could change someone's eternity, and bring a great blessing to your life!

From myself, the Gospel Message Board and Staff, may you and your family be blessed by the presence of Jesus Christ in your heart and life this Christmas Season!

Wes Heppner
